• Now you should be back to the Network Feeds screen. You will also notice that, since every day has been delayed, nothing is listed to play on Monday, and it is that issue we are about to attend to. Click the "Create new station schedule" button, and you will be shown the Schedule Editor again. Do what you did before, except this time select "3 days after Feed Date" and de-select every day *except* Friday. When you are finished, your screen should look like this:
