RLLINER :05-second local liners before network breaks.
RLLOCAL fires local breaks.
:10-second rejoin bumpers follow all breaks.
Hard outs at 30:00 and 58:50. All other breaks float.
*The Live Read :60 at 16:00 may float to another position in the hour or it may be replaced by a recorded spot. In that case, the network break would be 2:00 minutes.
Local avails filled with Rush's own content.

Rush Update feeds 7:00:30pm (pacific) for playback the following broadcast day.
Rush Promo feeds 10:59:00am (pacific) for same day playback.
